Les enfants de l'avenir

Xuân (NPO under the French law of 1901)
Supporting disadvantaged children in Vietnam
since 1992.

- Xuân is a French **non-profit organization** founded in 1992 by Dr Tran Tien by love for his country of origin.
- Working at a grassroot level **with no religious or political affiliation**, the association aims to help the forgotten children victim of poverty in Vietnam.
- Our action, **exclusively humanitarian**, is to help those children in rebuilding their life by providing a long-term and constructive support.
- Humanitarian action is for us neither a vocation nor a trend but rather **a meaning of life**. The members of the board are all volunteers.
- The funds are **entirely redistributed to the programs** through our representatives on site.
- Our resources come from **private donations** (individuals, companies and foundations). By choice, we do not receive any public subvention. Each program is managed by a head of project in charge of the fundraising and monitoring of the activities.
- Every year, we organize **events** to raise funds.
- Since 2006, we have **one employee in Vietnam**. She is based in Danang and coordinates all our programs.

We are very proud to be one of **the oldest French NGOs** in Vietnam.
